

COMFORT GRILL *TwinSet*

Appealing, versatile, powerful

ROMMELSBACHER

This tabletop grill brings convenient grilling pleasure both indoors and outdoors. The three different grill positions offer the right solution for every way of preparation, especially as the temperature of the two grill plates is – as special advantage - separately adjustable:

Grilling in "contact grill" position: short cooking time due to direct and quick heat transfer. Steaks, panini, sausages, etc. get the popular grilling stripes.

Toasting in the "gratinating" position: for tasty, gratinated baguettes, toasts, vegetables & more.

Grilling and frying on the large-sized grill: by opening, the grill surface is doubled and the appliance can be used as tabletop and party grill in no time.

The non-stick coating and the diagonal stripes of the grill plates let emergent grease drain quickly and healthy, low-fat grilling is ensured. Furthermore, the plates are dismountable for easy cleaning. A convincing all-rounder which should not be missing in any household!

as contact grill

for gratinating

as tabletop and party grill

Technical data:

- type: KG 2000
- 230 V ~ 2000 W • graphite-metallic
