## Catalogo 2018

Siamo lieti di presentare il nuovo catalogo dedicato alle attrezzature da laboratorio, pensate per i pasticceri e adatte a tutti i professionisti.

Con un'ampia gamma di articoli, tradizionali ed innovativi, il catalogo Martellato vuole rappresentare il punto di riferimento per i diversi settori del comparto food.

Frutto della collaborazione tra l'area Ricerca e Sviluppo e quella Commerciale, gli articoli, contraddistinti dal logo con la corona, garantiscono qualità, ricerca e studio rispondono alle reali esigenze dei professionisti.

Per Martellato, Made in Italy è design ed innovazione, è l'identità che esprime i valori del territorio e quella particolare attenzione verso i prodotti.

La selezione delle materie prime e il rispetto delle più rigorose norme, fa dei prodotti Martellato degli strumenti sicuri e di lunga durata. Inoltre, l'accurata scelta dei fornitori e delle lavorazioni, principalmente interne, permette di offrire dei prodotti di qualità ad un prezzo competitivo.

## Martellato: una storia tutta italiana

Un'azienda nata più di trent'anni fa e che oggi rappresenta una realtà innovativa e di respiro internazionale, pur conservando intatti l'ingegno e il "saper fare" tipici dell'artigianalità.

Due generazioni di imprenditori hanno sviluppato i loro prodotti confrontandosi con le esigenze dei clienti, inizialmente pasticceri e gelatieri, ed oggi anche professionisti dell'intero settore Horeca.

Nel moderno stabilimento inaugurato nel 2014 è organizzata la struttura operativa che concentra sul territorio italiano la direzione, la logistica e la produzione.

Presente in tutto il mondo, avvalendosi di una capillare rete distributiva, per presidiare i principali mercati

di riferimento: Europa, America, Nord Africa, Medio Oriente e Sud-Est asiatico.

## 2018 Catalogue

We are pleased to present our new catalogue dedicated to equipment designed for confectioners and suitable for all professionals.

With a wide range of both traditional and innovative items, Martellato catalogue wants to represent the point of reference for the various food sectors.

Fruit of the cooperation between Research & Development and the Sales Department, the items, characterized by the crown logo, guarantee quality, research and study and meet professionals' real requirements.

For Martellato, Made in Italy is design and innovation, the identity expressing the values of the territory and that special attention towards products.

The selection of the raw materials and compliance with the most rigorous standards makes Martellato products safe and long-lasting tools. Moreover, the accurate choice of suppliers and mainly in-house processes allows offering quality products at competitive prices.

## Martellato: an Italian story

A company started over thirty years ago, that today represents an innovative reality of international standing, retaining at the same time the resourcefulness and "know-how" typical of craftsmanship.

Two generations of entrepreneurs have developed their products facing the requirements of its customers, at the start confectioners and ice cream makers, and today also professionals of the whole Horeca sector.

The modern plant opened in 2014 houses the company operational structure that concentrates management, logistics and production in Italy. Present all over the world with a capillary distribution network to control the main reference markets: Europe, North and South America, North Africa, the Middle-East and South-East Asia.

## Qualità e personalizzazione

Molti prodotti presenti in questo catalogo, grazie alla flessibilità progettuale e produttiva di Martellato potranno essere personalizzati seguendo le richieste della clientela.

L'obiettivo principale è offrire un servizio di qualità ed esperienza che sappia modellarsi sulla base di ogni esigenza in maniera flessibile: dai grandi gruppi alle piccole aziende, per essere vicini al modo di vedere dei nostri clienti.

L'ufficio progettazione è a disposizione per studiare la fattibilità di nuovi prodotti che rispondano ad esigenze specifiche, consentendo all'idea del cliente, attraverso un iter progettuale ed un confronto propositivo, di concretizzarsi in un prodotto funzionale e di grande estetica.

Potranno essere creati stampi con decori e scritte personalizzati, così come si possono studiare packaging su misura.

Articoli tradizionali come raschietti, spatole e sac a poche oppure stampi e monouso o ancora eleganti alzate in plexiglass, potranno essere customizzati con il logo del cliente.

Particolarmente apprezzata è la possibilità che l'azienda offre di customizzare il prodotto in plexiglass apponendo il proprio marchio tramite stampa a laser, ideale per articoli di particolare pregio e raffinatezza, o stampa serigrafica ad uno o più colori.

## Quality and customization

Thanks to Martellato's design and production flexibility, many products in this catalogue can be tailored in compliance with customers' requirements.

The main objective is offering a quality and experienced service that can shape itself flexibly on the basis of any requirement: from big groups to small companies, to be near our customers' viewpoint.

Our design department is available to study the feasibility of new products that meet special requirements, allowing the customer's idea to materialize in a functional and superb-looking product, through a design project and positive comparison.

Moulds with customized decorations and writings, as well as ad-hoc packaging can be created.

Traditional articles such as scrapers, spatulas and pastry bags as well as moulds and disposable items or elegant plexiglass cake stands can be customized with the customer's logo.

Particularly appreciated is the possibility the company offers of customizing plexiglass products with a logo using laser printing, ideal for particularly elegant and refined articles, or single or multiple colour screen-printing.

# CHOCOFRUIT

Dalla collaborazione con il maestro cioccolatiere Massimo Carnio nascono gli innovativi stampi 3D in policarbonato per realizzare eleganti praline a forma di frutta.

Facili da decorare con differenti tecniche, si riempiono e si svuotano con semplicità, grazie anche ad un dettaglio sul fondo che assicura un lavoro pulito e di maggior precisione.

Progettati per permettere un'ottimale cristallizzazione del cioccolato e una facile sformatura, consentono la creazione di sottili camicie per accogliere emozionanti farciture con attenzione anche alla produttività ed alla grammatura dei cioccolatini.

From the cooperation with master chocolatier Massimo Carnio, come the innovative 3D polycarbonate moulds to make elegant pralines shaped as fruit.

Easy to decorate with different techniques, they are simply filled and emptied, thanks also to a detail on the bottom that ensures a clean and more precise job.

Designed to allow optimal chocolate crystallisation and easy mould release, they allow creating thin shells for thrilling fillings, paying also attention to productivity and the weight of the chocolates.

La pralina di cioccolato dal design moderno e minimalista lascia il posto ad un'assoluta novità dal sapore vintage.

The modern and minimalist praline design gives way to the novelty of the vintage chocolates.

# DECORATIONS

Progettati e realizzati con il preciso intento di fornire al pasticciere un valido strumento per produrre raffinate decorazioni di cioccolato. Decorazioni di grande effetto per donare un tocco di unicità al dessert.

Si consiglia di utilizzare un cioccolato fluido.

Designed and produced to give pastry chefs a perfect tool to create fine chocolate decorations. Wonderful decorations to make your desserts unique.

We recommend using a liquid chocolate.

# CARNIVAL

Con gli stampi per maschere di cioccolato è possibile realizzare in modo facile e veloce dei soggetti eleganti e tradizionali che evocano l'atmosfera criptica del teatro o il giocoso mondo del carnevale veneziano.

Thanks to the moulds for chocolate masks you can easily and quickly make elegant and traditional figures that bring to mind a cryptic theatre atmosphere or the playful world of Venetian carnival.

# MACCHINE PROFESSIONALI PROFESSIONAL MACHINES

SCIOGLITORI/MELTERS	128
CHITARRE/GUITARS	134
FONTANE/FONAINS	142

Realizzato in materiale plastico termoresistente, con vasca e coperchio removibili in acciaio inox e sonda termica per la regolazione della temperatura del cioccolato. La scheda elettronica gestisce la resistenza interna, per ottimizzare il raggiungimento del risultato richiesto, e rilevare la temperatura del cioccolato tramite la sonda esterna, per consentire un più rapido e preciso scioglimento del cioccolato. Il pannello frontale fornisce suggerimenti per il temperaggio, regolabile manualmente o seguendo i 3 programmi differenti in base al tipo di cioccolato: bianco, al latte e fondente. Le indicazioni del display aiutano l'operatore a completare le fasi del temperaggio e del mantenimento del cioccolato.

## DigitalMeltinChoc

MADE IN ITALY

Made of heat-resistant plastic material, with removable stainless steel bowl and lid, and thermal probe for chocolate temperature control. The electronic board manages the internal resistance to optimize the achievement of the required result, and detect the temperature of the chocolate through the external probe to allow a faster and more precise melting of the chocolate.

The front panel provides tempering tips, adjustable manually or following the 3 different programs depending on the type of chocolate: white, milk and dark. The display indications help the operator to complete the tempering and maintaining of the chocolate.

# Meltingchoc

MADE IN ITALY

## MELTINGCHOC ANALOGICI

I Meltingchoc sono degli strumenti indispensabili per la lavorazione del cioccolato.

Precisione, design, semplicità e ingombro ridotto sono i principali vantaggi di questi dispositivi in grado di soddisfare anche i pasticceri più esigenti. Gli scioglitori a secco analogici sono dotati di una pratica **vasca in acciaio inox** removibile con scocca e coperchio in plastica. Il termostato manuale permette di regolare e mantenere il cioccolato alla temperatura desiderata.

Realizzati in materiale plastico termoresistente, gli scioglitori per cioccolato hanno capienze comprese tra 0,8 e 13 litri.

## ANALOGUE MELTINGCHOC

The Meltingchoc are essential tools for chocolate processing.

Precision, design, ease of use and compactness are the main advantages of these devices, designed to meet the requirements of even the most demanding confectioners. Dry heat analogue melters are equipped with a practical and removable **stainless steel tank** with plastic lid and chassis. The manual thermostat allows you to adjust and maintain chocolate at the desired temperature.

Made with heat-resistant plastic, the chocolate melters can hold from 0,8 to 13 liters.

# MiniMeltinChoc

MADE IN ITALY

Lo scioglitore a secco per cioccolato MINI-MELTINCHOC può essere utilizzato sia in laboratorio per piccole produzioni di praline e soggetti di cioccolato che in gelateria per la copertura di gelati e dessert su stecco. Il design raffinato incentiva l'esposizione dello scioglitore in negozio favorendone l'utilizzo anche di fronte al pubblico. Realizzato in robusto materiale plastico antiurto. **Vaschetta estraibile in alluminio anodizzato.**

MINI-MELTINCHOC dry heat chocolate melters can be used for small productions of pralines and chocolate shapes, as well as in the ice-cream shops for the decorations of ice creams. Because of its modern design, the melter can be used also in the shop in front of the customers. Made of durable impact resistant plastic. **Removable basin made of anodized aluminium.**

# DeepMeltinChoc

MADE IN ITALY

Scioglitore a secco pensato per le gelaterie, grazie alla sua forma e dimensione è ideale per coperture di cioccolato di gelati e semifreddi su stecco. Presentato con colorazione classica, che ricorda i toni del cioccolato, per adattarsi ad ogni tipologia di arredo e per essere utilizzato direttamente sul banco. Le caratteristiche tecniche degli scioglitori analogici, il termostato che consente di regolare 3 livelli di temperatura e la vasca estraibile in alluminio anodizzato, per una più facile pulizia fanno DEEP-MELTINCHOC un articolo essenziale.

Dry melter designed for ice cream parlours, thanks to its shape and size it is ideal for chocolate coatings of ice creams and semifreddi on sticks. Presented with the classical colour that reminds you of chocolate, to adapt to any type of environment and to be used straight on the counter. The technical characteristics of analogue melters, the thermostat that allows to adjust 3 levels of temperature and the extractable tray in anodized aluminium (to make cleaning easier), make DEEP-MELTINCHOC an essential item.

# CHITARRE GUITAR EASY SYSTEM

Il nuovo sistema ad incastro facilita notevolmente l'inserimento ed il cambio dei telai, riducendo sensibilmente i tempi di montaggio, smontaggio e manutenzione.

La chitarra è composta da una nuova e più solida base in plastica e da una serie di telai di diverse misure fornibili separatamente in base alle esigenze del singolo operatore, è predisposta per il taglio di grandi quantità di cioccolatini calibrati e tagliati in modo preciso e privo di imperfezioni.

The new simple system of interlocking frames incredibly reduces assembly and disassembly time, it is sufficient to place them in the seats and you're done. The guitar is capable of cutting large amounts of cremini perfectly matched with a clean and precise cut.

THREE-DIMENSIONAL SEMIFREDDO

Un'intuizione Martellato e la creatività del maestro Omar Busi si incontrano in **COMBI3D**: il sistema che unisce le qualità delle fasce inox e i vantaggi degli stampi termoformati, per ottenere favolosi semifreddi tridimensionali. Con **COMBI3D** potrai combinare in modo semplice e veloce diversi gusti e colori per risultati perfetti.

An intuition from Martellato and the creativity of master Omar Busi meet in **COMBI3D**: the system that combines the quality of stainless steel cake rings and the advantages of thermoformed moulds to obtain wonderful three-dimensional semifreddi. With **COMBI3D** you can combine various flavours and colours simply and quickly for perfect results.

**Con gli stampi monouso per semifreddo il lavoro sarà più facile ed organizzato.**

Si ridurranno i tempi di preparazione, sarà possibile conservare il dolce direttamente nello stampo fino al momento dell'utilizzo grazie alla pellicola protettiva e poi si sformerà semplicemente con uno strappo.

La rivoluzione degli stampi: i tempi di raffreddamento, anche in abbattitore, saranno più brevi, non dovranno più essere lavati, asciugati e stoccati risparmiando energia tempo e spazio, ma soprattutto, garantiranno la massima igiene.

**Work will be easier and more organized with the disposable semifreddo moulds.**

Preparation time will be cut and, thanks to the protective film, the sweet will be kept in its mould until it needs to be used and will then be released from it with just one tear.

The mould revolution: cooling times, even in the blast chiller, will be shorter, moulds will no longer be washed, dried and stored, saving energy, space and time but, above all, they will guarantee maximum hygiene.

# Dessert idea

## *La tradizione crea la modernità*

Combinare gli elementi per dare vita a monoporzioni che, giocando con le proporzioni dei sapori, creano nuove armonie di gusto. Nasce con questo intento un progetto di dessert al piatto componibili, pensato per la ristorazione ma perfetto per la pasticceria moderna, che utilizzando semplici attrezzature consente risultati di alto livello. Monoporzioni che accostano diversi gusti, diverse consistenze, diversi colori per stimolare e soddisfare la voglia di assaggiare dei clienti, combinando misure e forme diverse.

## *Tradition creates modernity*

Combine these elements for single portions that, by playing with the flavour proportions, create new taste harmonies. From this aim, a design for a modular dessert was born, designed for the restaurant industry but perfect for modern pastry-making, that allows for high level results using simple tools.

Single portions to suit various tastes, consistencies, and colours that inspire and satisfy customers' desire to try something new, by combining different shapes and sizes.

## LE COMPONENTI INOX

TANTE FORME, MOLTE COMBINAZIONI,  
CREATIVITÀ ILLIMITATA.

Le fasce inox componibili consentono  
la preparazione di un unico dolce che  
accontenta diverse richieste.

Con i Kit per inserti e basi l'effetto  
sarà ancora più spettacolare.

MANY SHAPES, MANY COMBINATIONS,  
UNLIMITED CREATIVITY.

The stainless steel modular ring  
allow you to create unique desserts  
depending on what you need.

Use the inserts and bases kits for an  
even more special effect.

# SMART

YOUR EASY DESSERT

**PRATICI, VELOCI E FACILI:**  
 Gli stampi termoformati consentono di realizzare in pochi semplici passaggi, semifreddi che si raffreddano perfettamente in tempi brevi e si sformano facilmente.

**PRACTICAL, QUICK AND EASY:**  
 In a few simple steps, the thermoformed moulds allow you to create semifreddo desserts that cool perfectly in a short time and that are easy to turn out.

# semi freddo 360°

Martellato inventa un nuovo sistema per produrre semifreddi a forma di cilindro. Un'inedita concezione che aiuta il pasticcere a presentare dessert di grande effetto e al tempo stesso supporta l'operatore durante il processo produttivo.

Martellato invents a new system to prepare cylinder-shaped semifreddos. An original concept that helps the pastry chef to make impressive dessert and at the same time supports the expert during the preparation process.

## Starter kit 30TC001K

- 2 Stampi cilindro - Cylinder moulds
- 1 Estrattore - Extractor
- 4 Stampi in silicone per inserti  
Silicone moulds to create insert
- 10 fogli di acetato - acetate sheets

Lo Starter Kit è composto da due stampi in plastica a forma di cilindro, due tappi gialli necessari prima per non far fuoriuscire il composto e poi per rendere possibile la sformatura. Inoltre, per agevolare l'estrazione, la confezione include anche dei fogli di acetato trasparente tagliato in misura da adagiare nella parete interna del cilindro e un estrattore di plastica.

The Starter Kit includes two plastic cylinder-shaped moulds, two yellow stoppers that are necessary first not to let the mixture coming out, then to make demoulding possible. Moreover, to facilitate the extraction the package also includes transparent acetate sheets to be put inside the cylinder and a plastic extractor.

## Stampi cilindro - Cylinder moulds

### 30TC0016

Composto da / Contains:  
6 Stampi - moulds  
Ø 85 h 200 mm  
(inclusi 6 tappi gialli  
including 6 yellow stoppers)

1 Estrattore - Extractor

## set 8 Fogli decorati - 8 Decorated sheets

### 30TCDECO1K

200x267mm  
pack 2 x 4 fogli / sheets

## Nastri acetati - Acetate sheets

Ø30 x194 mm

# FASCE ACCIAIO INOX STAINLESS STEEL BANDS

Le fasce inox si prestano sia al congelamento che all'utilizzo in forno, dove assicurano una cottura uniforme.

La varietà di forme e dimensioni, unita alle ampie possibilità di personalizzazione del soggetto su richiesta, rendono le fasce Martellato delle soluzioni versatili in grado di soddisfare anche i pasticceri più esigenti.

The stainless steel cake bands are freezer and oven safe and ensure even cooking. The variety of shapes and sizes, combined with the wide customization opportunities upon request, make Martellato rings very versatile products able to satisfy even the most demanding pastry chefs.

# i MICROFORATI

x 2 stampi silicone **30x40** size  
silicone moulds **misura**

Una linea di prodotti per cotture in forno, realizzata in silicone e fibra di vetro, per facilitare il lavoro in laboratorio. Le caratteristiche che li contraddistinguono, come l'alta qualità dei materiali e la texture microforata, consentono la diffusione uniforme del calore e l'uscita dell'umidità, riducendo i tempi di cottura e garantendo un risultato perfetto. Tante forme ideali per le diverse preparazioni sia dolci che salate, come tartellette classiche e moderne, brioche e muffin. Le creazioni risulteranno perfettamente croccanti e con la forma perfetta, senza bolle o cedimenti. Ideali anche per i lievitati, pasta frolla e brisée. I tappeti sono antiaderenti e possono essere usati da entrambi i lati, per preparare tartellette vuote o già farcite.

A new line of products for oven cooking, made of silicone and fiberglass, to facilitate the work in the laboratory. The features that distinguish them, such as high-quality materials and micro-perforated texture, allow uniform diffusion of the heat and the moisture output, reducing cooking times and ensuring a perfect result. Many shapes ideal for different sweet and savory preparations, such as classic and modern tartlets, brioche and muffin. The creations will be crisp and perfect, without bubbles or cracks. Ideal also for leavened products, short pastry and brisée. Mats are non-stick and can be used on both sides to prepare empty or stuffed tartlets.

linea professionale stampi gelato

La linea di stampi per gelato biscotto sono un esempio di funzionalità, qualità e praticità per rispondere alle esigenze dei professionisti del settore. L'abbinamento teglia di sostegno in plastica rigida e vassoi removibili con foro per l'estrazione, semplificano notevolmente la produzione e lo stoccaggio dei gelati.

The line of moulds for ice-cream biscuits are an example of functionality, quality and practicality to meet the needs of ice-cream professionals. The combination between the pan support and the hard plastic removable trays, with holes for extraction, greatly simplifies the production and storage of ice cream.

# SAC A POCHE MONOUSO DISPOSABLE PASTRY BAGS

Pratici sacchetti monouso in plastica alimentare che facilitano il lavoro di pasticceri e cuochi annullando i tempi del lavaggio di uno dei più utilizzati attrezzi. Realizzati completamente in Italia, i tre modelli hanno diverse caratteristiche per rispondere alle molteplici esigenze dei professionisti.

La nuova saldatura, molto più sottile, riduce i profili e consente una maggiore praticità e maneggevolezza, senza penalizzare la resistenza e conferendo al prodotto maggior qualità.

Practical food-grade plastic disposable bags that make a confectioner's or chef's job easier, with no more washing required for one of the most used tools. Made wholly in Italy, the three models have different characteristics to meet the professionals' many requirements. The new, much thinner seal reduces profiles and allows greater practicality and handling, without affecting resistance and giving the product improved quality.

## Roll

Sac a poche monouso in polietilene trasparente, spessore **90 Micron**. Disposable pastry bags made of transparent polyethylene, **90 Microns thick**.

Size cm	pcs box	Code
30	100	<b>ROLL H 30</b>
40	100	<b>ROLL H 40</b>
55	100	<b>ROLL H 55</b>
65	100	<b>ROLL H 65</b>

## Green Poche

Sac a poche monouso in polietilene verde, spessore **80 Micron**. Disposable pastry bags made of green polyethylene, **80 Microns thick**.

Size cm	pcs box	Code

## SUPERFLEX

Realizzato con un innovativo materiale alimentare che conferisce al prodotto un'elevata resistenza, flessibilità e morbidezza. Il nuovo Superflex presenta una superficie liscia all'interno che facilita la fuoriuscita del prodotto, e ruvida all'esterno per un'impugnatura più salda. Grazie allo speciale e innovativo sistema di saldatura del sacchetto la sicurezza igienica è maggiormente garantita.

An innovative food-safe material than gives high resistance, flexibility and softness to pastry bags. Superflex bags have a smooth internal surface for an easy emission of creams and an external rough surface for a better grip. Thanks to a special welding of the bag we can guarantee a high hygienic safety.

## PROFESSIONAL PISTON FUNNEL

**Colino professionale** in acciaio inox ideale per dosare la giusta quantità di prodotto nei bicchierini o negli appositi stampi, in modo **facile e senza sprechi**.

Ottimo per salse, gelatine, crème brulée e marmellate liquide, è fornito di un set di bocchette per una migliore applicazione.

**Pratico e confortevole** grazie alla **doppia impugnatura dal design moderno**, si contraddistingue per la **resistenza**, la **stabilità** e la facilità di lavaggio.

La confezione comprende un piedistallo in metallo e tre bocchette da  $\varnothing 2$ ,  $\varnothing 4$  e  $\varnothing 5$  mm.

**Professional stainless steel pastry funnel** ideal to quickly pour the right quantity of product into small glasses or suitable moulds with no waste.

Perfect for sauces, jelly, crème brulée and liquid jams, the sauce gun with stand comes with a nozzle set to pour the liquid properly.

**Handy and comfortable** thanks to the **double handle of modern design style**, the confectionery funnel is **resistant** and **stable**.

Packaging includes a metal support and three nozzles:  $\varnothing 2$ ,  $\varnothing 4$  e  $\varnothing 5$  mm.

### 50C0001

# COLORANTI ALIMENTARI FOOD COLOURANT

Martellato propone una linea completa di coloranti alimentari per dolci, in versione spray, in polvere o in gelatina, ideali per impreziosire e dare un tocco di fantasia a dolci, gelati e altri prodotti dolciari.

Martellato offers a full range of edible cake food colouring available in spray, powders or gel pastes ideal to decorate and add a splash of whimsy to cakes, ice-cream and other desserts.

## VELVET SPRAY

I coloranti alimentari spray Velvet, a base di burro di cacao, offrono al semifreddo un decoro dall'effetto vellutato. L'articolo può essere spruzzato su tutte le superfici congelate: semifreddi, mousse, torte gelato, cioccolato, creme etc

The Velvet food colouring spray, made with cocoa butter, offer a velvety decor for semifreddi. The product can be sprayed on all frozen surfaces: semifreddos, mousses, ice cream cakes, chocolate, creams, etc.

### DOVE USARLO

- semifreddi
- gelati
- mousse
- altre superfici congelate

### CREATED FOR

- semifreddos
- ice-creams
- mousses
- other frozen products

### SPRAY VELVET - CONSIGLI D'USO:

Il prodotto su cui si spruzza il Velvet deve essere congelato. Mantenere il prodotto ad una temperatura di 20/25°C per almeno 2 ore e agitare bene prima dell'uso. Spruzzare uno strato sottile ed omogeneo di prodotto sulla superficie congelata che si vuole trattare da una distanza di circa 15/20 cm ad intervalli regolari. Ruotare costantemente il dolce mentre si spruzza la decorazione Velvet in modo da distribuire uniformemente il prodotto. Si consiglia di pulire l'erogatore con acqua calda subito dopo l'uso.

### VELVET SPRAY - DIRECTIONS FOR USE:

It is essential that the surface is frozen. Keep the product at 20/25°C for at least 2 hours. Shake well before use. Spray a thin, uniform layer on the product from a distance of about 15-20 cm at regular intervals. Constantly rotate the cake while decorating with Velvet to evenly distribute the product. It is advisable to clean the nozzle with hot water right after use.

## SPECIAL SPRAY

### MARZIPAN SHINY

**LCV100**  
Azo free 400 ml

Lucidante alimentare neutro a base di burro di cacao ideale per proteggere e lucidare marzipane e pasta di mandorle.

Neutral Food Polishing composed of cocoa butter, ideal to protect and polish marzipan and almond paste

### COOLER

**EUROCHOCK**  
Azo free 400 ml

Refrigerante in spray, con cannuccia unidirezionale, per la presa istantanea di particolari in cioccolato o zucchero.

Spray cooler, with monodirection straw, enables to fix chocolate and sugar pieces.

### COATING

**COATING**  
Azo free 400 ml

Staccante alimentare ideale per velocizzare la rimozione del prodotto da teglie o cinture in acciaio e alluminio, stampi semifreddo, termoformati o altro. Il prodotto è inodore e insapore.

Detaching ideal to remove easily the product from mould trays, steel belts, aluminium moulds, thermoformed moulds and other.

The product is odourless and tasteless.

### SHINY

**LCS200**  
Azo free 400 ml

Per la lucidatura e protezione di superfici a base di zucchero o cioccolato.

To protect and polish sugar-based products or chocolate.

### SHINY AIRBRUSH

**LCAS100**  
Azo free 100 gr

#### SPRAY SPECIALI - CONSIGLI D'USO:

Agitare la bomboletta e spruzzare uniformemente ad una distanza di circa 15-20 cm.

#### SPECIAL SPRAY - DIRECTIONS FOR USE:

Shake the can and spray evenly at a distance of about 15-20 cm

## HIDROALCOHOLIC SPRAY

Coloranti alimentari **idroalcolici** in bombolette spray.

Ideali per la colorazione di masse grasse, cioccolato, marzipane, biscotteria, cialde, zucchero tirato soffiato e colato, pasta di zucchero, semifreddi, mousse, gelato, pastigliaggio e pasticceria generale.

**Hydroalcoholic** food colouring in spray cans.

Ideal for the decoration of fat masses, chocolate, marzipan, biscuits, waffles, pulled sugar, candy floss, poured sugar, sugar paste, semifreddos, mousses, ice-cream, pastry in general.

#### DOVE USARLO

### IDROALCOLICI AEROGRAFO - CONSIGLI D'USO:

Agitare bene il flacone prima dell'uso e rimuovere i pigmenti che si depositano nel fondo con l'aiuto di un bastoncino. Se utilizzato con aerografo nebulizzare a circa 10 cm. Il prodotto può essere usato per colorare l'interno dello stampo, o direttamente sulla superficie di cioccolato a soggetto finito.

### AIRBRUSH HYDROALCOHOLIC - DIRECTIONS FOR USE:

Shake the bottle well before use and remove the pigments that are deposited in the bottom with the help of a stick. When used with the airbrush, keep 10 cm distance from the chocolate figure. It can be used directly on the mould or on the finished chocolate figure.

# WATER-SOLUBLE AIRBRUSH

Prodotto idrosolubile dato a qualsiasi tipo di impasto o alimento  
**Non è consigliato l'uso sul cioccolato o altre masse grasse.**  
 Water-soluble product suitable for any type of dough or food  
**It's not recommended for use on chocolate or other fat masses.**

### IDROSOLUBILI AEROGRAFO - CONSIGLI D'USO:

Versare il colorante nel prodotto in base alla gradazione di colore che si vuole ottenere. In caso di utilizzo del colorante con aerografo si consiglia, a lavoro terminato, di lavare la penna con acqua calda, qualora rimanesse residuo di colore secco utilizzare alcool a 90°.

### AIRBRUSH WATER-SOLUBLE - DIRECTIONS FOR USE:

Pour the colouring in the product according to the shade of colour you want to obtain. In case of use of the colouring with an airbrush, it is recommended at the end of work to wash the pen with hot water. In case any residuals of colour remain, use alcohol at 90°.

## LIPOSOLUBLE POWDER

Il colorante alimentare in polvere **liposolubile e alcool solubile**, può essere usato per la decorazione di praline e soggetti di cioccolato, torte glassate, semifreddi, gelato, mousse, gelatina trasparente ecc.

The food **liposoluble** and **alcohol soluble** powder colouring can be used for decorating pralines or other figures of chocolate, frozen cakes, semifreddos, ice cream, mousse, transparent gelatin.

### POLVERE LIPOSOLUBILE - CONSIGLI D'USO:

Il colorante è solubile in alcool, operazione consigliata o in acqua operazione più faticosa. Grazie alla capacità di riflettere la luce dona alla decorazione un effetto metallizzato. Può essere usato direttamente sulla superficie di cioccolato, senza essere sciolto, con un pennello o con le dita ottenendo così un effetto perlato. Per la colorazione in superficie si può utilizzare la polvere mischiata alla gommalacca liquida, in modo che il prodotto aderisca bene alla superficie una volta decorata.

### LIPOSOLUBLE POWDER - DIRECTIONS FOR USE:

The colouring is soluble in alcohol (suggested operation) or in water (more difficult operation). Thanks to the ability to reflect the light, this powder gives the decoration a metallic effect. It can be used directly on the surface of chocolate, without being dissolved, with a brush or with fingers obtaining in this way a pearled effect to colour the surface you can use the powder mixed with the liquid shellac, so that the product adheres well to the surface once decorated.

## INTERFERENCE POWDER

Il colorante alimentare in polvere **liposolubile**, se associate ad una superficie scura, donano dei riflessi di luce colorata. Possono essere usate su soggetti di cioccolato fondente o paste zucchero colorate. The food colouring powders **liposoluble**, when applied on a dark surface, give some coloured light reflections. They can be used on dark chocolate figures or coloured sugar paste.

- macarons
- meringhe

### CREATED FOR

- cream
- sugar paste
- modelling paste
- semifreddo
- icing
- shortbread
- macarons
- meringues

### POLVERE IDROSOLUBILE - CONSIGLI D'USO:

Il colorante può essere sciolto con l'aggiunta di acqua. La grana più fine facilita e velocizza lo scioglimento della polvere.

### IDROSOLUBLE POWDER - DIRECTIONS FOR USE:

The colouring can be dissolved with the addition of water. The finer is the grain the faster is the dissolution of the powder.

## PUMP POWDER

Polvere perlescente con pompetta ad aria ideale per decorare prodotti finiti come torte, semifreddi e cioccolato.  
Pearlescent powder coat with air pump ideal for decorating finished products like cakes, semifreddi and chocolate.

## JELLIES

La gelatina ad uso alimentare è ideale per guarnire le torte e dare un effetto di lucentezza.  
Food jellies are ideal to garnish every kind of cake.

**LCJ000**

1000 gr  
Azo Free

### GELATINE - CONSIGLI D'USO:

Una volta ammorbidita con la frusta, la gelatina va stesa sulla superficie della torta per dare un effetto lucido e glassato.

### JELLIES - DIRECTIONS FOR USE:

Soften the jelly with a whisk, and then spread it onto the cake surface to produce a shiny effect.

## COCOA BUTTER

I coloranti a base di burro di cacao, una volta sciolti a bagnomaria o microonde, risultano perfetti per la colorazione di prodotti di cioccolato e altre masse grasse.

Colourings made of cocoa butter, once melted in bain-marie or microwave, are perfect to colour chocolate products.

### DOVE USARLO

- cioccolato
- masse grasse

### CREATED FOR

- chocolate
- fat masses

### BURRO CACAO - CONSIGLI D'USO:

Il burro di cacao può essere utilizzato puro per piccole decorazioni con il pennello oppure, se diluito con 50% di cioccolato bianco, può essere spruzzato con pistola a caldo producendo così un effetto vellutato. Spruzzato all'interno di stampi per praline o corpi cavi, sciolto a 30°C oltre a colorare, permette di ottenere un effetto maculato, neve, goccia o buccia d'arancia.

### COCOA BUTTER - DIRECTIONS FOR USE:

The product when sprayed with hot gun, mixed with 50% of white chocolate, produces a velvety effect. Sprayed into moulds for chocolates, melted at 30°C, in addition to colour, allows to get spotted, snow, drop or orange peel effect.

# MULTI ICE revolution

**Multi Ice Revolution.** Stampi in speciale materiale plastico con l'aggiunta di uno strato esterno di resina arancione che conferisce ai due gusci più elasticità e resistenza durante l'espansione del ghiaccio. La guarnizione siliconica posizionata all'interno del guscio ed il sistema di fissaggio composto da un kit di volantini non permettono la fuoriuscita dell'acqua e consentono di riutilizzare più volte lo stampo.

**Multi Ice Revolution.** Moulds made of special plastic with an additional external orange resin layer which makes the two shells more elastic and more resistant against ice expansion. The silicone packing inside the shell and the fixing screws do not let the water come out and assure that the mould can be reused many times.

**MIR03**

La pompetta tiene in movimento l'acqua all'interno dello stampo durante il processo di congelazione. Con l'aiuto di questi accessori la scultura di ghiaccio risulterà più trasparente.

The Air pump makes the water circulate inside the mould during the process of freezing. With the help of this accessory, the resulting ice sculpture will be more transparent.

**Martellato srl, ai sensi della Legislazione Comunitaria vigente:**

Regolamento CE n. 1935/2004  
Materiali e oggetti destinati a venire a contatto con i prodotti alimentari.

Regolamento UE n. 10/2011  
Riguardante i materiali e gli oggetti di materia plastica  
destinati a venire a contatto con i prodotti alimentari.

Regolamento CE n. 2023/2006  
Buone pratiche di fabbricazione (GMP) dei materiali e degli oggetti  
destinati a venire a contatto con i prodotti alimentari.

**E alla seguente Legislazione Nazionale vigente:**

D.M. Italiano 21/03/1973 e successive modifiche  
Disciplina igienica degli imballaggi, recipienti, utensili, destinati a venire a contatto  
con le sostanze alimentari o con sostanze d'uso personale.

D.P.R. 777/82 e successivi aggiornamenti e modifiche

**Ha emesso uno specifico Capitolato che obbliga i suoi fornitori al rispetto  
di determinate precauzioni igieniche durante la fabbricazione,  
lavorazione e imballo degli articoli Monouso elencati nel presente catalogo.  
Per tutti gli altri articoli la Martellato srl richiede all'utilizzatore la precauzione  
di lavarli accuratamente con acqua e detergente neutro prima dell'uso.**

**Martellato srl, accordingly to EC laws:**

EC Regulation no. 1935/2004  
Materials and articles intended to come into contact with food.

EU Regulation no. 10/2011  
Regarding the materials and plastic articles intended to come into contact with food.

EC Regulation no. 2023/2006  
Good Manufacturing Practices (GMP) of materials and articles intended to come into contact with food.

**And to the following National Legislation in force:**

Italian Ministerial Decree 21/03/1973 and subsequent updates and changes  
Hygiene regulation for packaging, containers, utensils, intended to come into contact with food  
or with substances for personal use.

**Presidential Decree 777/82 and subsequent updates and changes**

**Issued a specification that requires its suppliers to comply with certain hygienic precautions  
during manufacture, processing and packaging of the disposable items listed in this catalogue.  
For all other items Martellato srl asks users to wash thoroughly  
with water and mild detergent before use, as a precaution.**

MARTELLATO si riserva la facoltà di modificare in qualsiasi momento e senza preavviso  
le caratteristiche tecniche degli articoli presentati in questo catalogo.
