ROMMELSBACHER

Best crema, perfect taste

Enjoyment like in Bella Italia – with this superior appliance in attractive stainless steel casing, international coffee specialities can be freshly made also at home or in the office. Equipped with a powerful original Italian high-quality pump and a robust thermoblock made of aluminium die-cast, this unit produces aromatic espresso with fine, compact crema. Both, freshly ground beans and - very practical – also ready espresso/coffee pads can be used. By means of the detachable stainless steel nozzle, hot milk foam for cappuccino or latte macchiato as well as hot water for tea etc. can be prepared conveniently. The cup capacity is manually selectable for espresso to your individual taste. The solid dual outlet portafilter lies well in the hand, depending on the filter insert 1 or 2 cups can be prepared. The 1.5-litre water tank and the drip pan are removable and thus easy to handle and clean. A replaceable water filter in the tank additionally provides for consistently good water quality. The perfect appliance for the “little café” at home!
