# BL-100

## Simple maintenance: more time to dedicate to customers.

Working with the public also means building relationships, getting to know people, their tastes and their habits. BL-100 leaves you with time to look after your clients, because maintenance is extremely quick and simple. All it takes is a few steps for the machine to produce more, better and for longer.

|| AUTO-CLEANING: AUTOMATIC CLEANING, EVEN OF JUST ONE UNIT AT A TIME, WITHOUT HAVING TO INTERRUPT USE. || FAST PRESSURE MANAGEMENT: RAPID MANAGEMENT OF PRESSURE. || INSULATED PUMP PROTECTOR: THE PUMP IS INSULATED AND PROTECTED FROM HIGH TEMPERATURES, GUARANTEEING INCREASED PRODUCTIVITY AND DURABILITY. || FIXING CONTROL (OPTIONAL): ON-BOARD DIAGNOSTICS.

## The utmost extraction quality, from the first coffee to the last.

Choosing BL-100 means choosing the certainty of always offering a cup of coffee that lives up to expectations. Its systems for optimising extraction have been designed to express the full aroma of the blend with simplicity, guaranteeing the utmost quality in final results, as well as ease of use and durability.

BL-100 has been designed to guarantee high performance and to be long-lasting.

|| PREINFUSION TECHNOLOGY (OPTIONAL): STATIC ELECTRONIC PREINFUSION. || B16 UNIT: AN EXTRACTION UNIT DEVELOPED TO OPTIMISE THERMAL STABILITY. || CAULKED SHOWER SCREENS: FOR A MORE EVEN DISTRIBUTION OF WATER ONTO THE COFFEE GROUNDS. || FACTORY PRE-SET: RAPID INSTALLATION.

## Ergonomics, functionality, style: design that improves the quality of your work.

A single detail or line can make a difference in day-to-day work. Drawing on this philosophy, the design of the BL-100 has been studied down to the tiniest detail, guaranteeing ergonomics and functionality as well as a modern and elegant look.

The machine's control systems are made with materials of the utmost quality and offer a tactile experience based with a view to comfort. The style is rendered unique by the glossy side panels and details in Scotch Brite Stainless Steel, an elegant touch that makes the BL-100 stand out in any setting.

|| ELECTRONIC MEMBRANE KEYPAD: MEMBRANE KEYPAD WITH LED INDICATORS. || ADJUSTABLE HEIGHT: ADJUSTABLE FEET ALLOW THE MACHINE TO BE INSTALLED ON ANY SURFACE. || FILTER HOLDER WITH ERGONOMIC HANDLE. || STAINLESS STEEL STEAM WAND.
