**NEW COLLECTON'23**

Clay has a memory. It tells us the exuberant sound of a titmouse that lived in the past, the soft petals of a geranium, the story of a stagnant river. A cycle that ends always turns into soil and clay before it starts again.

With its sustainable design vision, Bonna Craft Collection carries this elemental energy of porcelain. With its amorphous form, each piece in the collection is unique and has an unrepeatable design. It comes from the past, but also belongs to the future: In other words, it is beyond time. And it is as spontaneous as life itself

Explore the unique art of tea with small and unique teapots. They allow more careful temperature control and while reducing the bitterness that may occur in the flavour of the tea and increasing its aroma. Their shape helps the tea leaves to expand and mix better with water. These qualities create a combination of heritage, where you enjoy the rich flavour of your tea while taking good care of your body.

Go on a mystical journey of thousands of years of history while brewing the best plants of the earth. Now, Bonna Premium Porcelain has a new collection: Herbal Tea Pot Gaia and Herbal Tea Pot Artisan. These new teapots unearth tea's medicinal and spiritual paths and rituals in every brew. Reflecting Bonna's gratitude for the earth and appreciation of luxury presentations, they radiate tea's history with unique colours and a luxurious bamboo handle.

## Grace

Designed by harmonising the Japanese design concept 5 with the Scandinavian design tradition, Grace is presented to you by processing stainless steel with elegant touches to appeal to the fine dining experience. Grace, which makes every meal a special memory through a design silhouette that speaks the language of perfect proportions, has a minimalist and contemporary look.

### Designer's Notes:

"The whole experience of Fine Dining is enhanced by the ambiance of the restaurant, with the presentation of the food playing a major part. To complement the creations of the chef and feast the eyes as well as the palate, the food service should be perfect. The cutlery for Fine Dining plays an important part in this, so I set out to design a beautiful collection that would enhance the experience, as well as being practical and comfortable to handle and use. The design is contemporary but also beyond time. Clean pure lines, elegant, nice proportions, well-balanced weight, sophisticated."

To feel the love and care that goes into a cup, to take time to ground yourself through an object born from the earth, water and fire...  
 The Bonna Raw Collection pays homage to lightness with its organic and delicate forms. Offering beauty combined with functional simplicity, the Bonna Raw Collection wraps your hands with its embossed lines and adds a stylish decorative signature to your kitchen. Its white colour provides a bright canvas for your favourite beverages.  
 Thanks to its ribbed design, each piece in the product family is lighter than the products on the market. In addition to the coffee cups designed separately for different types of coffee, the dripper planned for the 360° coffee brewing ritual carries the same design identity.  
 Although the designs are inspired by random pattern sketches, natural forms and marine animals, they stand away from visual noise and give you the chance to slow down. As you stand in this colourful jungle full of life, you will feel your mind calm down with Bonna Raw.
